TRILATERAL PARTNERSHIP PROJECT "STRENGTHENING BONDS BETWEEN ALIENATED NEIGHBORS"

Our dear partners SEE in Action, started their first trilateral project “Strengthening bonds between alienated neighbors in the region: Greece, Bulgaria, North Macedonia”, which is coming as a follow-up of our mutual efforts in #c4cf initiative!

The first event took place in Thessaloniki from 6th-8th [May, 2022], while the following rounds of this specific project will take place in Skopje and Sofia over the next months.

The aim of the event was to contribute in establishing strong ties between the youth of the three countries and create an environment of mutual cooperation and understanding. Our organization advocates for the active engagement of young people in the long process of strengthening the bonds between our countries which we consider as a critical step towards further stabilization in the region.

Our dear Zhaneta and Dimitar dedicated their whole weekend on the #experiencingcooperation! Judging from the smiles on their faces, we can say that this experience was a true pleasure for them!

"How important are the young ambassadors in creating the future? Can they change old prejudices and habits in the name of good neighborliness in the region?"

The subject of the episode is "Young ambassadors VS old prejudices", so what do you think:
"Can the young people be the ambassadors who will fight against the old prejudices?"

Watch the episode and find out what our ambassadors think about this.

MY #C4CF EXPERIENCE

"My experience from the trilateral event "Strengthening Bonds between aligned neighbors" ,which was held in Thessaloniki, was very beneficial for me. Through a conversation with the representatives of the three countries, we highlighted the common problems which we have in the education system and we tried to find solutions for them. It was a great honor for me to be part of this event." - Zhaneta Markova

"It was a great pleasure for me to attend such an extraordinary event under the leadership of our dear friends from Greece - SEE in Action. First of all, I was impressed by the young people who took part in this event - smart, intelligent and full of ideas for change and a better tomorrow. Apart from all the fun in-between session activities, the sessions themselves were great to be part of. I learned a lot of valuable information from the well prepared attendees from Greece and Bulgaria, as well as from the other organizations from North Macedonia. Altogether a fruitful weekend of various positive impressions." - Dimitar Jovanovski
